Canadian Wheat Board Advisory Committee

J.E. McLaughlin
Co-ordinator, Producers' Vote

The Advisory Committee to the Canadian Wheat Board

The present Advisory Committee to the Board was elected in 1982 and commenced its four year term of office on January 1, 1983. This term will draw to a close at the end of this calendar year. The Canadian Wheat Board Act requires that an election now be held so that you may select the Committee members who will hold office for the next four years commencing January 1, 1987. We have again acquired the services of Mr. J.E. McLaughlin to act as Co-ordinator, Producers' Vote during this election period as he did four years ago.

The Wheat Board has had the assistance of an Advisory Committee for most of its fifty year existence. Until 1975 the Committee members were appointed by the government of the day for indefinite periods. In 1975 an election procedure

was put in place which is now entering its second decade and is entrenched in the Canadian Wheat Board Act.

The present Advisory Committee, which gives great assistance to the Board, will continue in office for the remainder of 1986. The new Committee, to be elected in the forthcoming vote, will take office in January 1987. In order for the new Committee to be truly representative of western producers it is necessary for those producers to take a serious interest in the election and participate in it to the fullest extent possible. We urge you to play an active role.

ESMOND JARVIS
CHIEF COMMISSIONER
THE CANADIAN WHEAT BOARD

Co-ordinator's Comments

The Canadian Wheat Board has appointed me to once again co-ordinate an election of eleven producers to membership on the Advisory Committee to the Canadian Wheat Board for a four year term.

As in the past, the timing of the various phases of the election procedure is influenced by two fundamental factors. In the first place it is desirable to use the most current record of producers to establish qualified voters. For this election that record will be the Wheat Board's register of 1986-87 actual producers from its permit book records. In order for those records to be as complete as possible it is necessary to await the issuance of the bulk of the 1986-87 Delivery Permit Books which normally takes until the end of September.

The second influencing factor is the stipulation in the Canadian Wheat Board Act that a newly elected Committee must take office in January of the year following its election. It is necessary therefore that such an election be concluded in time to meet that stipulation. On the other hand an election should not be held so early in the year that the new Committee would be required to wait for several months before assuming office.

These two factors effectively define the beginning and the end of the entire election procedure. The various elements of that procedure must be planned to take place within these constraints. The Election Regulations established by Order-in-Council for this election name the different termination dates which will apply. The overall schedule may not be considered ideal by

everyone but circumstances make each of the regulatory deadline dates necessary and important.

This brochure is provided to inform you of the details of the election procedure. It is being mailed to all actual producers holding 1985-86 Delivery Permit Books as they appear in the Wheat Board's present records. It must be emphasized however that only actual producers who have been issued 1986-87 Delivery Permit Books by the end of September will receive ballots and be eligible to vote. Any actual producer wishing to vote in this election should make application for a 1986-87 Delivery Permit Book in plenty of time. The permit application must be processed, a valid permit issued and the name entered in the records of the Board no later than September 30th, 1986, in order to qualify for voting privileges.

It is of even greater importance that those considering candidacy, or nominators of a candidate, acquire their 1986-87 Delivery Permit Books as early as possible. Candidates and nominators must be 1986-87 Delivery Permit Book holders of record to appear on a nomination form and nominations are required to be in my hands no later than September 15, 1986.

Prairie Electoral Districts

There are eleven producers to be elected to the Advisory Committee to the Canadian Wheat Board. The designated area of the Board has been divided into eleven electoral districts with an approximately equal number of permit holders in each. One candidate will be elected from each district.

These districts have not been redefined since they were established for the first election in 1975. They have been reviewed at the commencement of each election since then to be sure that the voter distribution has remained equitable. Although the annual total number of permit holders has diminished over the years, each district's percentage of the annual total has not varied by as much as one percent since they were first defined.

Each actual producer **holding a 1986-87 Delivery Permit Book on September 30th, 1986** is entitled to vote for one of the nominees in the electoral district where his delivery point is located.

Your Electoral District

To determine your electoral district refer to the map which is shown on the cover of this brochure for the general area in which your primary delivery point is located. Then check the delivery point lists in this brochure to see if your delivery point is listed in that district: if it is, that is your electoral district. If your delivery point is not listed there it will be necessary to examine the delivery points listed for surrounding districts, in one of which you will find your delivery point named.

Candidates' Qualifications

To be eligible for nomination a candidate is required to be a Canadian citizen or permanent resident and be named in a valid 1986-87 Delivery Permit Book as an actual producer, (Suffix A), or as a producer entitled, as landlord, vendor or mortgagee, to any share of the grain grown on the lands described in that permit book.

A candidate's primary delivery point must be in the electoral district for which he is nominated although his place of residence may be outside that district.

An officer or shareholder in a corporation which is named in a valid permit book may be nominated, as may a member of a properly named co-operative or a partner in a partnership named in a valid 1986-87 Delivery Permit Book. All other nomination requirements still apply. Any person who is

- (a) a member of Parliament,
- (b) a member of any provincial legislature,
- (c) an employee of, a member of a profession engaged by, or a paid consultant to, the Wheat Board, the Government of Canada or the government of any province, is not eligible to be a candidate in this election.

Nomination Procedure

The nomination form of a candidate must bear the signatures of at least twenty-five nominators who are actual producers (Suffix A) holding 1986-87 Delivery Permit Books showing primary delivery points within the electoral district of the candidate. If you intend to submit a nomination be sure to have the signature of each of the nominators witnessed by a responsible party.

The centre-fold sheet of this brochure is the nomination form to be used and should be removed intact from the staples binding the brochure. Page 5 of this sheet is the form itself and pages 6 and 7, taken as one, provide ample space for the witnesses and twenty-five or more nominators to affix their signatures. Because it is required that each nominator be validated as a 1986-87 Delivery Permit Book holder it is important that the name and permit number be clearly printed for ready reference to the files.

Nomination Requirements

To be accepted it is required that the properly completed nomination form be mailed to the Co-ordinator at the address shown on the form in time for it to be in his hands on or before 5:00 p.m. September 15th, 1986.

The nomination form must be accompanied by a short biography or personal history of the candidate (150 words or less). The Election Regulations stipulate the length of the personal history and to conform with those Regulations it cannot exceed 150 words.

To ensure the participation of only serious candidates each one must file, along with his nomination form, a certified cheque or money order in the amount of \$100.00 payable to "The Co-ordinator, Producers' Vote, Canadian Wheat Board Advisory Committee Election." This deposit will be held by the Co-ordinator in trust and returned to the candidate if he is elected or if he receives at least 50 percent of the winning candidate's total votes or at least 15 percent of the total votes cast for all candidates in his district. If none of these requirements are met, the deposit will be forfeited and the money turned

over to the Wheat Board to defray the expenses of the Advisory Committee.

Assistance to Candidates

Shortly after the close of nominations on September 15th, candidates will receive a list of all nominees in their district together with a copy of the Regulations governing the procedures.

A list of voters for each district will be prepared early in October and forwarded to each candidate. This list is solely for the use of the candidate in his election endeavours. It is a requirement of the Act that these lists be returned to the Co-ordinator without delay following the completion of the election, together with any copies thereof.

Candidates may withdraw from the election by advising the Co-ordinator in writing and signed by the candidate and two witnesses. Any such withdrawals reaching the Co-ordinator before 5:00 p.m. on September 30th will qualify for refund of

the deposit. Withdrawals received after that time will require forfeit of the deposit. If a candidate withdraws his name too late to amend the printed ballots any votes cast for that candidate will be void.

Voting Procedure

Following the close of nominations all voters in each district will receive a biographical outline of each candidate in the district together with a ballot on which to mark the selection and return in the postage paid envelope provided for that purpose.

This mailing will take place in late October or early November, as soon as the necessary printing and preparation can be completed. In order for your ballot to be included in the voting it is necessary that it be marked and mailed in time to reach the Co-ordinator no later than 5:00 p.m. on December 1st, 1986.

The ballots received up to 5:00 p.m. on December 1st will be counted in the presence of scrutineers and the results announced shortly thereafter.

Term of Office

The eleven elected candidates will form the Advisory Committee to the Canadian Wheat Board from January 1st, 1987 to December 31st, 1990.

Summary

Nominations must reach the Co-ordinator on or before 5:00 p.m. September 15th, 1986.

Ballots will be mailed to all actual producers holding 1986-87 Delivery Permit Books issued on or before September 30th, 1986.

Voters must return their ballots in time to reach the Co-ordinator on or before 5:00 p.m., December 1st, 1986.

The Co-ordinator has no authority to digress from the requirements of the Election Regulations and is obliged to make sure that those requirements are precisely followed.

Address all questions and nomination forms to the Co-ordinator at the address provided herein.
